Henry E. (Gene) Kodama, State Forester

May 11, 2012

Dear Sir or Madam:

Attached is the South Carolina BMP Courtesy Exam Log for April 2012. Nineteen sites were closed out during the month. One of these sites was found to be out of compliance with applicable BMPs, and likely water quality impacts resulted from this forest operation.

Pee Dee 2184 was a clearcut timber harvest in Williamsburg County that was rated Unacceptable in the category of Streamside Management Zones because of failure to maintain sufficient width and basal area in the SMZ. Water quality impacts were attributed to complete removal of approximately 150' of the SMZ along a perennial stream.

BMPs were properly applied by those responsible on thirteen sites reported this month, and BMP Foresters provided recommendations to assist with compliance on five sites.

Please contact the appropriate BMP Forester or me if you need further information concerning this report. I can be reached by phone at (803) 896-8593 and email at gsabin@forestry.state.sc.us. Thank you for your interest in our BMP program.

Sincerely,

A handwritten signature in blue ink that reads "Guy R. Sabin".

Guy R. Sabin
Environmental Program Manager
